Picking Together

21 volunteers took to the roads in March and collected 32 bags of rubbish, a lawn mower, oven door and 2 tyres! What a fantastic effort and community spirit from both villages!

In Your Opinion...

We will be issuing a Community Survey and plan to host a get together to better understand what you want to see happening in our community. Are there issues you feel you've never been able to raise? We want to hear them. Do you feel something is missing in the area? Perhaps we can help. We want to help our community grow into a thriving, inclusive, attractive, supportive and friendly environment we can all enjoy!
Help us get it right!

Exciting Funding News

We are delighted to announce that Dalton and Carrutherstown Community Council (DCCC) has access to funding through both Minsca and Harestanes windfarms. We are welcoming applications from individuals and constituted groups who have ideas about what our community needs. Are you involved with a community or sports group within our ward? Do you have an exciting idea for an event in the area? Applications of £500 from individuals or £1,000 from constituted groups are welcomed and if you have something big in mind, get in touch and we'll see if we can help you make it happen! Applications should be made using the form available on our facebook page and will be considered at our next public meeting.

Primary School Fun

Carrutherstown Primary School Parent Council have organised an exciting social event for the whole community. Get a team or up to 4 together and compete in the

Highland Games 2025 championship! BBQ, games and bring your own bottle! It doesn't get any better than that! Bring yourselves and bring the sunshine!

Meet the team!

Lyndsay Cannon—Chair

With her husband Ian, Lyndsay enjoys training their two working labs, gardening and travelling. Her busy role within the Architectural Team at Dumfries and Gallo-way Council means she brings incredible organisational and planning skills to the CC.

Spreading the Word

Through windfarm funding we have great plans to install state of the art noticeboards in both Dalton and Carrutherstown. Communication is key in a rural community and we hope that along side our

facebook page and newsletters, the noticeboards will be a central hub where we can all share information. Key holders will be advertised once they are installed so everyone can contribute!

Shocking News!

Through tremendous effort, Dalton Hall Committee have secured a defibrillator for the Community. Works are in progress to relocate and refurbish the phone box in Dalton to the front of the Village Hall. It will be wonderful to have access to life saving equipment right on our doorstep!

Your Community Needs You

DCCC are looking to recruit a Minute Secretary to support our proactive, friendly (and very new to the job!) team. Please get in touch if you'd like to know more!

All most welcome at our next meeting:
Tuesday 12th August 2025 6.30pm
